

YOUR SUPPORT

Your membership at The Art Center makes you an active supporter of our creative community and grants you benefits in kind.

All membership levels include an annual members-only appreciation event and opportunities to attend special members-only workshops throughout the year.

Memberships are available in 3 tiers: Guild Members who want more active involvement with other members of The Art Center, Professional Members who want career development, and Friend Members who want to show their support for the arts, arts education, and working artists in the community.

MAKES A DIFFERENCE

Memberships at The Art Center help support our day-to-day operations and facility maintenance. Most grant funding cannot be used for general operations, but instead serves as funding for specific outreach programming for underserved communities in the region.

By supporting The Art Center with your membership, you help us defray our costs and give us more flexibility to add and improve our free community programs. As we continue to expand our activities to include things like Creator's Circle, Open Mic Nights, and event tie-ins to our gallery exhibitions, your support contributes to our ability to keep them affordable or free while still compensating our contributors.
